# Roupesh Bheekaree

17/08/1999

web Developer & Graphic Designer

## SUMMARY

I am a passionate graphic designer with four years of experience creating visually compelling designs for various clients and projects. Recently, I expanded my skill set into web development, combining my creativity with technical expertise to design and develop responsive, user-friendly websites. I thrive in collaborative environments and am eager to bring my dual expertise in design and development to a dynamic team.
